Egg Cargo Is Lost As Truck Plunges Off Donner Grade

A cargo of turkey hatching eggs, valued at more than $16,000, plus a considerable amount of safflower seed were destroyed at 1:45 a. m. Monday when a truck driven by Alan Lester Mabrey, 35, Loveland, Colorado, ran off Donner grade a mile and a half east of the summit.

The driver and the owner of the truck, Ivan Varig, 36, also of Colorado, leaped to safety before the tractor and semi left the highway. Mabrey told Patrolman William Gautsche, who investigated, that he lost the air for his brakes.

The tractor caught fire after the accident and the Donner Lake Volunteer Fire Department was called to extinguish the blaze. Traffic was delayed for a time.

Mabrey said he had pulled to the right of the highway to permit following traffic to pass. When he pulled back onto the road he checked his air, found it dropping and awakened Varig. Both leaped to safety.

Busy Firemen

Fire Chief R. L. Harris of the Donner Fire Department received the call from CHP and dispatched Paul Hormanski and the fire truck up the grade. There was insufficient water to combat the blaze and the water truck was sent for by Chief Harris.

This equipment was manned by Jack Boren and Harry Weiler. Jack Marquette and Dan Horner also assisted in controlling the blaze about 3 a. m.

Prospects Bright For Opening May 2 Of Trout Season

Fishermen throughout the area are checking equipment, looking over favorite locations and in general are preparing for the opening of the trout fishing season on Saturday, May 2.

Present indications are that the season will have a good opening if the weather remains clear. Even some of the back country roads may be passable by the opening day.

In the meantime, Donner Lake continues to produce good results and many large mackinaw are being taken.

Fishermen are loking forward with considerable interest to the opening of Prosser reservoir which last fall was virtually overrun with anglers, all of whom were catching trout, a number overstepping the limit law. A close watch will be kept on this, as well as the many streams in the district, to prevent violations.

Daylight Saving Time Will Start In California Sunday

For those who would like to exchange an hour's sleep in the morning for an extra hour of daylight in the evenings, the time change set for 2 a. m. Sunday should be pleasing.

At that time, the clocks and watches will be set ahead one hour as Daylight Saving Time is again ushered in for the next six months.

Not only is the time change confusing to householders, school students and workmen, who will find it difficult for a time to adjust to the nuisance, but bus and train schedules will change and other inconveniences will occur.

The D&D Agency is issuing new bus schedules which will be available at their office in the S. P. depot this weekend.

Donner Doings

The water is rising slowly, about two feet this past week, so the familiar rocks are gradually disappearing.

Fishing has continued to be good, both the kokanee and mackinaw are biting and some rainbow are being caught from shore.

The other day we were startled by a low flying plane depositing fish while it passed over Donner Lake. What a sight.

* * *

Mr. and Mrs. Jack Hillegass of Piedmont have been using their fishing boat as transportation to their cabin on the south side of Donner. They even catch a few fish while trolling across.

Nice spring weather has melted much of the snow in the sunny spots and the colorful yellow daffodils and crocus are blooming in gardens now.

Those who were not at the Donner Lake Lodge last Thursday night missed a lot of fun. An old fashioned whist party was put on by members of the Donner Lake Volunteer Fire Department Ladies Auxiliary.

There were prizes for everyone, but Muriel Wiser and yours truly tied for high score, and Shorty Harris was low man.

It was a progressive card game, playing four hands at one table and the winners moving on.

The next meeting of the auxiliary will be May 21. Place to be announced later.

The group formerly known as the Sons of the Golden West, is a powerful musical and comedy aggregation featuring splendid three-part harmony. The four guys and a gal add several crowd-pleasing comedy routines to their musical entertainment . . . with so much success that they have the reputation of playing for SRO audiences in night clubs throughout the country.

Their music, belying their former name, is far from the country and western field. Solid jazz and modern interpretations of old classics is their forte.

With leader Paul Schilling on guitar, Jaybird Schilling on fender bass, Dave Geary on rhythm guitar and Buzz Boyk and Ken Newton on violin, the group succeeds in capturing a new, exciting sound . . . seldom heard on the Reno-Tahoe-Las Vegas show circuit.

Closing this Sunday at the Nevada Lodge, North Tahoe's largest year-round resort-hotel-casino are the Sawyer Sisters with the Max Daffner Trio.

what's doing?

Maybe you read recently about that Coast Guard helicopter rescuing eleven people from the floundering *Hattie D* off Cape Mendocino. Well, if it hadn't been for a ship-to-shore telephone operator, the lucky eleven and the Coast Guard might not have gotten together. Seems that the stricken ship didn't use the regular emergency channel, and Operator Mrs. Evelyn Lubahn of Oakland picked up its "May Day" distress call over the Eureka Coastal Harbor radio-telephone channel. She promptly alerted the Coast Guard, who made the dramatic scoop from the sea. Just another case of a telephone operator giving help when it's needed.

"Money at work means men at work" is the slogan of Invest-in-America Week, April 26 to May 2. Investing in America may seem like a big order. But actually it's a matter of looking at it the way the Invest-in-America Council does. They say: "Our American system of free enterprise encourages saving and investment that helps to create new plants and jobs. As a result the average American has been able to produce more and live better."

NORTH TAHOE BRIEFS...

... By BETHEL
Telephone Liberty 6-3842

Women's Club of North Tahoe will hold their April meeting on Monday the 27th at noon at the Crystal Bay Club. Jacquie Black will officiate at the meeting as vice president since president Inez Jordan has not as yet returned from Nassau. Discussion of recent projects and the summer fashion show will be the day's business. As this is the first meeting since the Hat Party the program will be a social meeting. Members and their guests may make reservations by phoning the club.

Dan and Louise Anderson of Tahoe Vista have returned home after a combination business-pleasure trip to Acapulco, Mexico. They renewed old acquaintances and saw points of interest by-passed on their other trips.

The Tahoe Coin Club met Tuesday night at the home of Alfonso de Luque at Tahoe Vista. Mike Oliver of Carson City Coin Company brought supplies which he sold and an auction was held. Refreshments were served following the business meeting.

Lynn Sevison of Agate Bay celebrated her birthday on April 15 and her husband's mother, Leta, on April 18. The Senior Sevisons are Sacramento residents.

Larry and Lynn went to Davis to attend the homecoming last weekend.

Royal Arch Masons enjoyed their regular monthly meeting at the Crystal Bay Club for a prime rib dinner. Bud Mandeville showed films from the start of the El Tahoe Shrine Club when their meeting place was the old Bucket of Blood about 1954. Attending the dinner were Messrs. and Mesdames Jerry Culbertson, Noel Hulbert, Otis Wing, Bud Mandeville, Bob Jenkins, A. McEthron, Ed Aweeka, high priest from Truckee, Bill Drulias, Charles Walker, J. Mathieson, and Mrs. Dorothy Corbin and Ray Plunkett.

David and Norma Holt of Tahoe Vista welcomed a son, Lynn Scott, born on March 18. The little lad weighed 7 pounds, 1¼ ounces at birth.

Bob and Tally Daneri, Audrey Welch and Bill Adams of Kings Beach attended the dog sled races at Mammoth Mountain last weekend. Gary Gunkel of Tahoe Vista entered his team and placed third in the races.

Ann Gunkel of Tahoe Vista has accepted a position in the office of Dr. Douglas Brodie in the Highlands, Tahoe City.

Beverly Gunkel spent the weekend with her parents, Lyle and Adeline Gunkel at Tahoe Vista. Beverly graduates from Chico State in June.

Minnie Wagner of Kings Beach wishes to thank her many friends for their cards and remembrances during her recent illness. Minnie is now able to be outside for short periods of time and is progressing nicely after her heart attack.

Coming from Marin County to make her home at Tahoe Vista is Margaret T. Kendall. Her beautiful new apartment overlooks Lake Tahoe and was planned and built by her daughter and son in law, Madolin and Charles Moseley. Heating in the outdoor patio which faces the lake will eliminate the snow problem. Mrs. Kendall is expected to take occupancy of her little gem on the 29th. Her son, Charles and his wife, Lisette, also live at Tahoe Vista. The family all anticipate being close to one another and we wish to welcome Mrs. Kendall to her new home.

Ann Ross has returned to Kings Beach from San Francisco for the summer season. She will again be at the Trade Winds which opens their dining room on the 24th. Joe Ross spent an interesting winter visiting in San Francisco, Los Angeles, Palm Springs and Scottsdale, Arizona.

Vivian McIntire of Tahoe Vista was hospitalized in Washoe Medical Center, Reno, last week.

Kathy Crow of Incline Village was a San Francisco visitor last week.

Happy birthday to Eleanor Egan of Brockway who celebrated her natal day on April 17.

Willie Mangerson of Reno, originally from Davenport, Iowa, is a new resident of Tahoe Vista. She has accepted a position with a real estate office in that area.

Localites attending the opening game of the aseball season in San Francisco were the Alex Cushings and John Buckman of Squaw Valley, H. E. and Ann McCoskey of Incline Beach, Bob Goode of Kings Beach and Jetta Steward and Bern May.

Jetta and Bern attended an invitational luncheon at Trader Vics to which the women wore unusual hats creating a lot of comment and fun. Excursion buses took them from there to the baseball park where Bern and Jetta were the guests in the box of R. F. Jones.

Do you have the right kind of wife for it?

Can your wife bake her own bread?
Can she get a kid's leg stitched and not phone you at the office until it's all over?
Find something to talk about when the TV set goes on the blink?
Does she worry about the Bomb?
Make your neighbors' children wish that she were their mother?
Will she say "Yes" to a camping trip after 50 straight weeks of cooking?
Let your daughter keep a pet snake in the back yard?
Invite 13 people to dinner even though she only has service for 12?
Name a cat "Rover"?
Live another year without furniture and take a trip to Europe instead?
Let you give up your job with a smile?
And mean it?
Congratulations.

--- 20 Years Of Progress

The eastern end of Nevada County during the past 20 years has enjoyed continuous progress. Those who can recall the pitiful condition, economically, that prevailed here when your present supervisor took office, must admit that there has never been a period since that time which has not seen advancement.

Your supervisor has actively engaged in every forward project which has been advocated, both on the home front and as your representative on the board of supervisors.

The schools, hospital, airport, new streets and roads, the new county building, aid in development of subdivisions, maintaining efficient representation on all county boards and many other advantages have had the full cooperation, and constant support of your supervisor and proposed benefits for the area will continue to have this support.

On the eve of even more rapid advancement, this is no time to take a chance on inexperience.

DIVOT DIGGERS

By Georgiana King
(Ponderosa Country Club)

"As beautiful weather gets close golfers say—Ponderosa."

Hello, you golfers—Guess what —I'm going to tell you some golf news.

Our first Ponderosa Golf Club meeting was held at the fire house on Monday, April 6. There was a pretty good attendance considering many social events that night.

Liz Carroll brought the men's handicap cards to the meeting. These cards will enable the men to have their handicaps calculated by IBM machines. So you men post all your scores—it's to your advantage. The cost of each card is $3.

President Paddock informed me today a membership drive party is to be held Friday May 1, at 8 p. m. in the fire house. All ex-members are invited and they are asked to bring guests. Let's all try to be there and get the year off to a real good start.

It seems as though all the golfers are getting in the groove. Quite a few went to Feather River Inn Golf Club a couple weekends ago.

The Walkers and Carrolls attempted to play golf for three days in Auburn not too long ago. It turned windy and cold so they just got in their cars and drove south 'til they hit nice warm weather and played. That's real golf spirit.

I'll let you all know whose playing and where in more detail next time. I've got to get on that phone and do some calling. Nobody calls in any news. Come on and give me a call. Would love to hear from you all.

Drove by the golf course yesterday and at the rate the snow is melting it should be open real soon.

If you have any 'ole' clubs and balls that you don't want, how would you like to donate them to a real good cause? It's not definite yet but a recreation program is being set up for this summer and children will be taught how to swing a club, etc. I will definitely let you all know if this program will come into reality.

Well, that's all for now—be sure to come to the party. Hope to see you all there.

CANDIDATES NAMED FOR PRIMARY VOTE

The Capitol News Service at Sacramento reports that the cast of characters for California's June 2 primary election—462 strong—has been selected officially.

Secretary of State Frank M. Jordan released the list of candidates for the U. S. senate, congress, state senate and assembly. Also on the ballot, of course, will be various slates of delegates for the presidential primary and local office seekers.

On the local ballots for representative from this district will be:

Congress — Harold T. Johnson, D., Roseville; Donald D. Blake, R., Oroville; Chester C. Merrian, R., Durham; Wilton J. Owens, R., Redding and Kirpal Singh, R., Roseville.

State senate — Paul J. Lunardi, D., Roseville and Margarette Brown Meggs, R., Grass Valley.

State assembly — Howard R Smith, D., Auburn; Eugene A Chappie, R., Cool; Brooks M Fiske., R., Marysville and Harold M. Welch, R., Truckee.

CANDIDATES GIVEN WARNING ON SIGNS

SACRAMENTO — Once again candidates for public office are being reminded by the state division of highways of legal requirements governing the placement of signs and posters along state highways and county roads.

Numerous violations have occurred during previous election campaigns, and Maintenance Engineer E. L. Tinney has appealed to all candidates and their campaign workers for cooperation in avoiding repetition of past complaints.

The division of highways is responsible for administration and enforcement of the State's Outdoor Advertising Act which was adopted in 1933.

Under provisions of the Act, signs are prohibited on state or county highway right of way. Later legislation extended the ban to property adjacent to landscaped freeways, if the advertising display is designed to be seen primarily by persons traveling on the landscaped freeway.

Buick has a great transmission.

An automobile transmission, we grant you, isn't the most soul-stirring subject on earth. Nothing to look at either.

But if you'd like for your next new car to give you a better break on performance and gasoline mileage, something happened last week to be your guide.

The Los Angeles to New York Mobil Economy Run proved one thing for sure. There's quite a difference in the transmissions of new cars.

Three out of four for Buick

The long-time champion in the transmission league—Buick—walked off with the 1964 economy pennant. No other single make of car won as many events as Buick. Four entries, three winners.

The winning Special carried the new Super Turbine 300 automatic transmission; the LeSabre was equipped with the Super Turbine 400 (both optional at extra cost). They're the latest in a long line of Buick transmissions well known for their smoothness and absence of "shift feel". The Super Turbine is a refined and improved torque converter type to help you safely pass cars and trucks as well as gas stations.

You'll hear a lot about it in the next couple of years as this modern kind of transmission is adopted by more and more car builders.

What about engines?

Of course, an efficient transmission gets more efficient when teamed up with a lean, agile engine. The winning Buick power plants were our new V-6 and V-8.

The 300 cubic inch V-8 in the winning Buick Special (the lowest priced of all Buicks) and the Buick LeSabre (the lowest priced big Buick) is like a well-conditioned fighter. All muscle, no fat. Weighs in at far less than other V-8's of similar punch. It took every other V-8 in the Economy Run.

Your type of driving—regular gas

The Run was through cities and towns, across super highways, in traffic, out of traffic. This was not race track driving or proving ground driving. This was your kind of driving—even though you can't expect to get as good mileage as these expert drivers in their finely tuned production cars. The distance was 3,243 miles, about what most families log in four months. All three Buicks used regular gas.

So the Economy Run is not just a cross country tour for the Mobil people and a few car buffs. It's a reliable test of a car's power team and what it's able to squeeze out of its fuel.

We don't expect everybody to rush out this week-end to buy a new Buick just because we won a few economy trophies.

There are so many other good reasons for leaning to Buick that economy usually gets second billing. There's styling, naturally. An unusually great ride. Extraordinary engineering and workmanship. And very young performance. Small wonder Buick sales are running at 11.5% over last year.

But it's nice to get economy as a plus in a Buick. Beyond the dollars saved on gasoline, there's a certain pride in knowing you have a car that's built to get the most out of every tank of gasoline.

Wouldn't You Really Rather Have a Buick?

Alta, Utah, last weekend.

C. E. "Temp" and Ellen Templeton of Reno came over to Kings Beach for the special buffet at the Buckhorn. Jim and Bobbie Decal were host and hostess with the assistance of son Larry and his wife, Connie. The Decals are formerly from San Bernardino where they operated a restaurant. Daughters, Diane and Kathy are students at Tahoe-Truckee High School and sons, Barry and Eddie, are attending school in Southern California. It was a real fun affair with many local residents enjoying the evening.

Orchestra leader, Lenny Herman, is building a new home at Incline Village which was designed by Hewitt Clark.

Lou Peterson is back to Incline Village after being in Los Angeles the past several months.

Harold Murphy is back from Palm Springs to his Crystal Bay home to help son in law, Jimmy Hume, with the opening of the North Shore Club.

Phil and Mary Holley of Danville were Thursday visitors to the North Shore. They are long time friends of Bethel Van Tassel of Tahoe Vista. The trio enjoyed catching up on the happenings of the San Ramon Valley and mutual friends.

Celebrating birthdays on the same date, as well as same names, were Christopher May and Christopher Crow.

Mrs. David (Pat) Crow of Crystal Bay with the assistance of mothers, Darlene Bitler, Gen Brockelsby, Barbara Kindred, Ruth May, Ann Hansen, Ginney Parsons and Paula Gurney gave a birthday party for her son. Sixteen children were Christopher's guests and the mothers were kept busy supervising games and the opening of presents. The traditional cake and ice cream were served following these activities.

Incidentally, Paula Gurney celebrated her birthday, too, and was presented with a miniature cake decorated with one candle.

Mr. and Mrs. Otis Wing of Kings Beach and Mr. and Mrs. Bob Jenkins of Incline Village attended the Fred Waring show at Sparks Friday evening. At an adjoining tale saw former Kings Beach residents, C. E. and Ellen Templeton and children, Bruce and Sally, who now make their home in Reno.

Fred Fleischer of Gardnerville was a house guest of Gary Wing at Kings Beach last weekend. Fred and Gary are students at Sierra College.

The Ken Nelsons of Kings Beach suffered the loss of their home by fire on Thursday. Both the Kings Beach and Crystal Bay Fire departments were called to fight the fire as well as the Forestry Service. According to the fire department the cause of the fire was undetermined. Everyone extends their sympathy to the Nelsons in the loss of their lovely home.

Jack and Darlene Knorpp and children, Scott, Jon and Tami of Crystal Shores enjoyed several days visit to San Francisco last week.

Understand the Carl Ravazzas of Crystal Shores and Reno have brought their new Cal 20 sail boat to Lake Tahoe. Sail boats are becoming more and more popular on the lake and are a beautiful sight as well as great sport.

The WSCS Sewing Circle held their organizational meeting at the Fireside Room of the Kings Beach Methodist Community Church Tuesday. Pearl Draney was instrumental in its organizing. Helen Stokes of Kings Beach now assumes the chairmanship of the group which is having as its goal a bazaar for the first part of July. The group has been received with enthusiastic response and its next meeting will be at 1:30, May 12 in the Fireside Room. Project for the meeting will be the tacking of a quilt.

VFW Auxiliary met Wednesday night at Crystal Bay for the election of officers for the coming year. Taking office as president is Cleta Liddle; senior vice president, Dorothy Bowman; junior vice president, Vera Wood; secretary, Donna Killian; treasurer Lorraine Dominguez; chaplain, Esther Horstman; conductress, May Murray; guard, Estelle Farrell; historian, Bea Snell; trustees, Unadell Crawford, Wanda Brooks and Louise Walter.

The next meeting will be dinner and installation, May 6 at the Crystal Bay Club.

Bill and Alice McDonald of Kings Beach are already for summer — a new floor covering, new chairs and tables and new comfortable and bright orange stools.

We thought we had a complete list of the guests at the dinner honoring Vera Wood. However, we find that the names of Mr. and Mrs. Wayne Crumm of Crystal Bay were omitted. Mrs. Crumm was for over five years postmaster at Brockway being succeeded by Ellen Sklar. Mr. Crumm is employed at a Crystal Bay club while Mrs. Crumm is enjoying her retirement.

Cal-Neva Has Not Applied For Permit

CARSON CITY—A Nevada Gaming Commission spokesman said last week that the commission has received no application for the usual spring reopening of the Cal-Neva Lodge at Crystal Bay.

The lodge was formerly licensed to singer Frank Sinatra but the license was revoked last year after the gaming control board charged Sinatra with entertaining Sam Giancana, identified as a Chicago underworld figure, at the lodge last summer in violation of Nevada gambling ground rules.

The lodge normally is relicensed each spring for the profitable summer tourist season.

A commission spokesman said the earliest the Cal-Neva could be licensed for the summer is at the commission's meeting the third week in May.

The spokesman said the commission has had no definite word whether Sinatra has sold his share of the Cal-Neva.

The commission last October formally revoked Sinatra's gaming permits in the Cal-Neva and the Sands Hotel Casino in Las Vegas.

This, Indeed, Would Be Bad Deal For Truckee

For more than two years the Sierra Pacific Power Company of Reno, Nevada, has been trying to buy the publicly owned electric and water systems of the Truckee Public Utility District.

As is the case with many other privately owned utilities, it would seem Sierra Pacific does not like having a publicly operated district at its doorstep. It could be it does not want to face a comparison in rates.

The company offered $492,468 for the combined systems and repeated the bid early this year. Then last month Sierra Pacific raised its offer to $1 million, suggesting either the first proposal was absurdly low or else the company is mightly anxious to wipe out this pocket of public power in its territory.

Congressman Harold T. Johnson of the second district, in a letter to the utility wrote:

I think it would be unwise and unrealistic, as well as untimely, for the Truckee Public Utility District to sell its facilities to the private power company. I believe it would be detrimental to the electric subscribers of the district.

The unfortunate part of it is they would not know how detrimental until after the deal had been made. The offer may be tempting. But if the experiences of other publicly owned districts, including the Sacramento Municipal Utility District, are any criteria, the people might get a good price for the system but pay and pay and pay throughout the years in higher rates.

SMUD's rates, for example, are a third lower than those on adjacent territory served by the Pacific Gas and Electric Company.

Better days seem to be ahead for the Truckee public district. Johnson was instrumental in recently obtaining a $367,000 modernization loan from the rural electrification administration.

Also negotiations are under way to obtain power from the Central Valley Project through a wheeling agreement. Every effort should be bent in that direction since it would free the district from the necessity of buying power wholesale from the Sierra Pacific at the latter's price.

This would result in further savings to the people of the area and more such services as free power for the city, as a result of which Truckee boasts of being one of the best lighted towns in the entire west.

The above editorial appeared in the Sacramento Bee April 15 and its republication is paid for by friends of the Truckee Public Utility District.

SCHOOL TO BENEFIT FROM TAHOE SHOW

KINGS BEACH — Plans are speeding up for the presentation of "The Red Shoes," the Sierra Winter Stock 1964 season children's play. With two performances set, on May 15 at 8 p. m. and May 17 at 2:30 p. m., the cast and crew are meeting three times a week.

The Tahoe Lake Elementary School in Tahoe City and Incline Elementary School in Incline Village will jointly handle the publicity, under the co-ordination of Darlene MacRae of Lake Forest. She will be working with Carl Shaff of Incline and Carol Onorato of Tahoe City.

The schools have been working on various projects in connection with both the ticket selling and publicity posters. In return for the help donated by each school, the Sierra Winter Stock has offered to let each school keep a percentage of the profits from all tickets sold by that school. The tickets for "The Red Shoes" will be 75 cents for children through the eighth grade, and $1.25 for adults.

Reynolds was seated on the porch and his first knowledge the fire was when the windows popped from the heat.

A Chinese rug, valued at $10,000 and a $5,000 painting were among the items lost, other damage estimated at $16,000.

Fire equipment from the North Lake Tahoe Fire Protection District, a truck from Carnelian Bay and the U. S. Forest Service truck responded to the alarm.

BOARD BLASTS PLAN FOR PLACER WILDS

AUBURN—Four members of the Placer County Board of Supervisors last week teamed up to demolish Supervisor William Briner's long-range plan to establish a wild area in 55 square miles of eastern Placer County.

The four voted to ask Edward P. Cliff, chief of the United States Forest Service, to disregard the board's letter of April 7 in which it was requested that a moratorium of nine months be declared on timbering, road building and leasing in the 45,,000-acre region while the county investigated the feasibility of establishing a wild area there.

STATE DISTRIBUTES LICENSE FEE FUNDS

State Controller Alan Cranston announced last week that his office has just completed distribution of $104,685,440 to cities and counties as an advance partial payment on their share of state-collected vehicle license fees.

Cranston said Nevada County's share $69,640 based on a population of 20,911.

Of this total, Grass Valley with a population of 4,876 received $20,040 and Nevada City, with a population of 2,353 received $9,671. The Truckee-Donner area, being unincorporated, received nothing except a nominal share which goes to the county.

Placer County's share of $189,819 for its population of 56,997, was divided among its five cities, $117,747 going to Auburn, Colfax, Lincoln, Rocklin and Roseville. Colfax, the smallest of these, with a 921 population received $3,785.

The totals represent 75 per cent of the vehicle license fees which the state will receive during the six month period ending May 31. The balance will be paid in June to the cities and counties.

POETRY STIRS MUCH INTEREST IN CLASS

For many years poetry has been a part of English programs throughout the country, much to the sorrow of a large segment of the high school population. However, in junior English classes at Tahoe-Truckee High School, poetry has been a favorable topic of discussion in the past few days. The reason for this sudden popularity of poetry was a sonnet taken from Edna St. Vincent Millay's Epitaph for the Race of Man, a volume of sonnets dealing with various disasters, such as floods, earthquakes and volcanoes.

The second-period class was about equally divided in opinion as to whether the disaster dealt with was an earthquake or volcano The discussion became so heated that a decision was postponed until the following day, at which time the students were instructed to obtain scientific evidence to support their views.

The next day arguments for both sides were presented. The group favoring a volcanic eruption was led by Carol Brenick, Dave Sorani, and Dennis Douglas, while the earthquake supporters were led by Pat Payton, Kent Fugazi and Sara Van Sickle.

The three judges, Jim Drummond, Mike Keehn and Estelle Howell, awarded the decision to the earthquake group, although they stated that points were presented by both sides which evidenced good thinking.

LOEHR SAYS GAINS MADE IN RIVER ROW

H. G. Loehr, Truckee member of the California Nevada Interstate Compact Commission, reported following the meeting in Reno last week that major unsolved questions blocking allocation of Truckee River water between the two states are expected to be solved at the May 11 meeting of the Truckee River Committee and the commission.

At last week's meeting only one question was answered, but a number of others were explored and considerable progress made.

The question settled, Loehr said, makes use of the water for fish and wildlife on the river system a beneficial use of water.

SOUTH TAHOE BEATS LOCALS IN SKI MEET

The South Tahoe High School Saturday won the California-Nevada Interscholastic Ski Federation championship tournament at Heavenly Valley by outpointing the runnerup Tahoe-Truckee team in the cross country and jumping competition.

The Vikings had 186 points and the Wolverines 165. Tom Ruhkala won the cross country and Dick Nielsen the jumping for the Wolverines.

Other winning members of the Tahoe-Truckee team were Lance Poulsen and Scott Domergue.

MRS. GEBHARDT NOW IN DALY CITY AREA

TAHOE CITY — Mr. and Mrs. Harold Farr of Tahoe City who frequently visited Mrs. Alice Gebhardt while she was hospitalized at Auburn, told of the latter's departure for Daly City where she will continue to receive hospital treatment and will also be near her daughter, Mrs. Anita Grennan of that city.

The many friends of Mrs. Gebhardt in this vicinity continue to send their best wishes and love to her.

Under old English law, all working dogs were tax-exempt but had to have their tails bobbed to show their status.

Dispute Continues On Squaw Property

AUBURN — The long standing disagreement between the Squaw Valley Improvement Corporation and the County of Placer over the assessing of promissory interest in state property has resulted in bitter charges and counter charges of fraud and possible conflict of interest.

District Attorney Daniel Higgins fired a sharply worded reply last Thursday to a suit filed through the corporation's president, William A. Newsom, a suit which accused county officials of fraud and unfair practices in assessing property used by the 1960 Winter Olympic Games. Newsom demanded a refund of $16,183 in taxes paid last year.

"The only fraud I am aware of," Higgins said, "is the possibility of fraud that has been committed on the taxpayers of this state. The district attorneys's office also wants to know why property in which millions of dollars of taxpayers' money was invested was leased for 28 years to two individuals, one of whom at the time of the contract was awarded was a member of the state unemployment insurance appeals board."

Another question Higgins asked was "why this long term lease was not submitted to public bid?"

FORMER RESIDENT OF TAHOE EXPIRES

Funeral services were held Wednesday at San Francisco for A. R. Westphal, a prominent business man of the bay city and descendant of two pioneer families. He was 71.

The deceased with his family, spent the summers at Lake Tahoe in former years. His wife Judy, two daughters and five grandchildren are survivors.

CASSETTARI QUITS DEPUTY DA OFFICE

NEVADA CITY — William J. Cassettari, assistant district attorney for the past 21 years, last week resigned that position with District Attorney Harold Berliner.

Cassettari said that since Berliner had changed assignments in his office and would personally attend and counsel the meetings of the board of supervisors, he declined any other assignment which could have included criminal prosecution.

Cassettari had served as assistant under the late Ward Sheldon, present Judge Vernon Stoll and Berliner.

Visit Kings—

Richard Joseph and his sister, Mrs. Roxie Archie visited with Mr. and Mrs. Joe King at Reno after King had returned from a hospital where he underwent treatment. Friends of the Kings at Kings Beach and this area are hoping for his early return of good health.

JOIN CHAMBER OF COMMERCE

Lunardi Denies Any Assessment Increase

In a letter to H. G. Loehr, chairman of the Nevada County Board of Supervisors, Senator Paul J. Lunardi this week again emphasized the previous report that there was no basis for a recent statement that an increase of $10 in assessed valuation for Nevada County had been requested by the state board of equalization.

"A rumor regarding a ten million dollar increase of assessed valuation for Nevada County was brought to my attention by several local citizens. After an investigation, I found no basis for such a statement," Lunardi wrote.

"The only substance released by the state board of equalization that could have been misconstrued is the information sent to all county assessors informing them of this year's trends as compared with last year's statewide average. This is merely a guide which enables the assessors to have an advance notice of their position if last year's trends continued without change. This allows the assessors, who have been assessing at a lower ratio than the state average, an opportunity to bring their county within the tolerance. A closer review if the local assessor's presentation to the board of supervisors more or less bears this out.

"I assure you that I will keep in close contact with the board of equalization on the developments of this procedure under our present law in an attempt to minimize unwarranted increases to the County of Nevada."

WARNING ISSUED ON COMING FLY SEASON

With the approach of "fly season," the health department urges all residents to take measures to control the breeding of these pests.

Area Sanitarian Cy Armstrong suggested that since garbage is the prime breeding place that it should be stored in metal cans with tight fitting lids. Garbage, he said, should be wrapped in paper before it is placed in the cans and the cans emptied at least once a week.

Grass clippings, animal droppings are also good breeding places for flies, he explained, and these, too, should be stored in fly-proof containers.

"Flies breed in filth, carry many diseases and should be controlled as far as possible," Armstrong declared.

Recovering From Surgery—

Mr. Frank Snyder is recovering following recent surgery at Tahoe Forest Hospital.

Back At Lake—

Frances R. Wallace is again greeting friends in her neighborhood, having returned to her Crystal Bay home, following the winter spent at San Francisco.

From Fresno—

Mr. and Mrs. Leslie Grow returned from a weekend trip to the Fresno area.

In all states, birth certificates must be filed with the local registrar within 10 days after birth occurs.

VISITS ALL STATES

E. M. Frost of Kings Beach who has been sending messages to local friends during his tour of the U. S. wrote that he has visited all the states except Rhode Island, polishing off his trip by returning in May to the lake.

Cooks From Mexico—

Mr. and Mrs. A. B. Cook came back last week from a refreshing trip to old Mexico.

ON SHERIFF'S STAFF

Phil Edwards of Lake Tahoe has been added to the staff of Sheriff William A. Scott, who this week announced the employment of five new deputies to fill all but one of the five budgeted positions in Placer County.

Mrs. Daven Morey was confined to her home this week suffering from a severely sprained ankle. The injury occurred when she stepped from her car into a hole.
